HISTORY

Our Community Foundation was founded in 1959 by a group of generous, dedicated leaders as a public endowment to support enduring change and success for the community. Although the issues facing our community have changed over the past six decades, our commitment to supporting our region remains steadfast. We continue to galvanize the passion of philanthropists, nonprofits and leaders to empower communities, create opportunity, grow capacity, and build charitable resources for a brighter future for a Greater Birmingham.

TYPES OF FUNDS

COMMUNITY CATALYST FUNDS: Philanthropic venture funds that allow the Community Foundation and its donors to make transformational investments that benefit the greater Birmingham community.

DESIGNATED: Donors can choose to create a long-term charitable resource to benefit one or more nonprofits.

DONOR ADVISED: These funds allow individuals, families and businesses to be part of the work of the Community Foundation, while also supporting their favorite charities and organizations. Donor Advised Funds are like having a private foundation, but with greater tax advantages and fewer administrative burdens.

FIELD OF INTEREST: Many donors have a specific area of philanthropic interest they want to support; a Field of Interest Fund allows them to do this without having to specify any particular organization.

AGENCY ENDOWMENTS: These funds allow individual nonprofit organizations to start and build an endowment, using the professional services of the Community Foundation.

GRANTS AND INITIATIVES

GRANTS: Grants made to Birmingham region nonprofits through our competitive grantmaking process come from Community and Field of Interest Funds. In 2025, the Foundation awarded \$3,116,000 to 121 organizations to support our five priorities identified by the community:

- Creating Economic Opportunity for All
- Overcoming Persistent Poverty
- Nurturing Thriving Communities
- Driving Regional Cooperation
- Fostering Equity and Inclusion.

Donors designated more than \$69 million through Donor Advised Funds to support causes they are passionate about, including education, community and economic development, faith organizations, social services, and arts and culture.

PROACTIVE INITIATIVES: To maximize our positive impact on the region, the Community Foundation develops and implements largescale, multi-year initiatives. Working with donors, nonprofit organizations, and local leaders, we identify key concerns and develop initiatives to address concerns and accelerate opportunities.

Current initiatives include: Mental Health, Greater Birmingham Community of Hope (focused on supporting and strengthening families and communities), Regional Cooperation, Inclusive Economic Opportunity, Microtransit, and Summer Learning Loss.

IMPACT INVESTMENTS: In 2024, the Foundation made its first ever Impact Investments, strategically invested capital that makes a positive social impact while providing a small financial return. These investments support Opportunity Alabama's Cultural Center in Titusville, which will provide a hub for youth workforce training and enrichment, and Woodlawn Foundation's Cottages at Georgia Road, which will provide affordable rental housing to low-income residents.
